# Create, Update Aboriginal Record – QRC CLT 101-3

Points to Remember

- Record Aboriginal information if First Nations selected in the Ethnicity field under Client demographics.

- There are no Panorama mandatory fields.

- Aboriginal information records cannot be deleted.

- Band of Origin and Band are auto-complete fields. A selection of options will appear when typing the response.

- The Effective From date of the record defaults to the current date.

- If disease is TB - status or non-status information **must be** competed.

- If disease is Influenza, on/off service information **must be** completed.
