

TB History View, Update – QRC IOM 103-4.10

Points to Remember

- The TB history screen is used to record historical TB tests.
- Click the **Reset** button to cancel any unsaved changes made on the **TB History Details** screen.
- The user can close the TB History Details at any time without saving by clicking the **Cancel** button. Any unsaved changes are discarded and the **TB Test Summary** screen is displayed.
