

## IGRA Summary – QRC IOM 103-4.9

### Points to Remember

- TB testing that has occurred using interferon-gamma release assay (MTb IGRA) will be displayed in the IGRA Summary section of the TB Test Summary Screen.
- See User Guide **IOM 101 Lab & Diagnostic Imaging** for instructions on entering lab data.
- Click **Cancel** on any lab related screen will return the user to the TB Test Summary screen.
